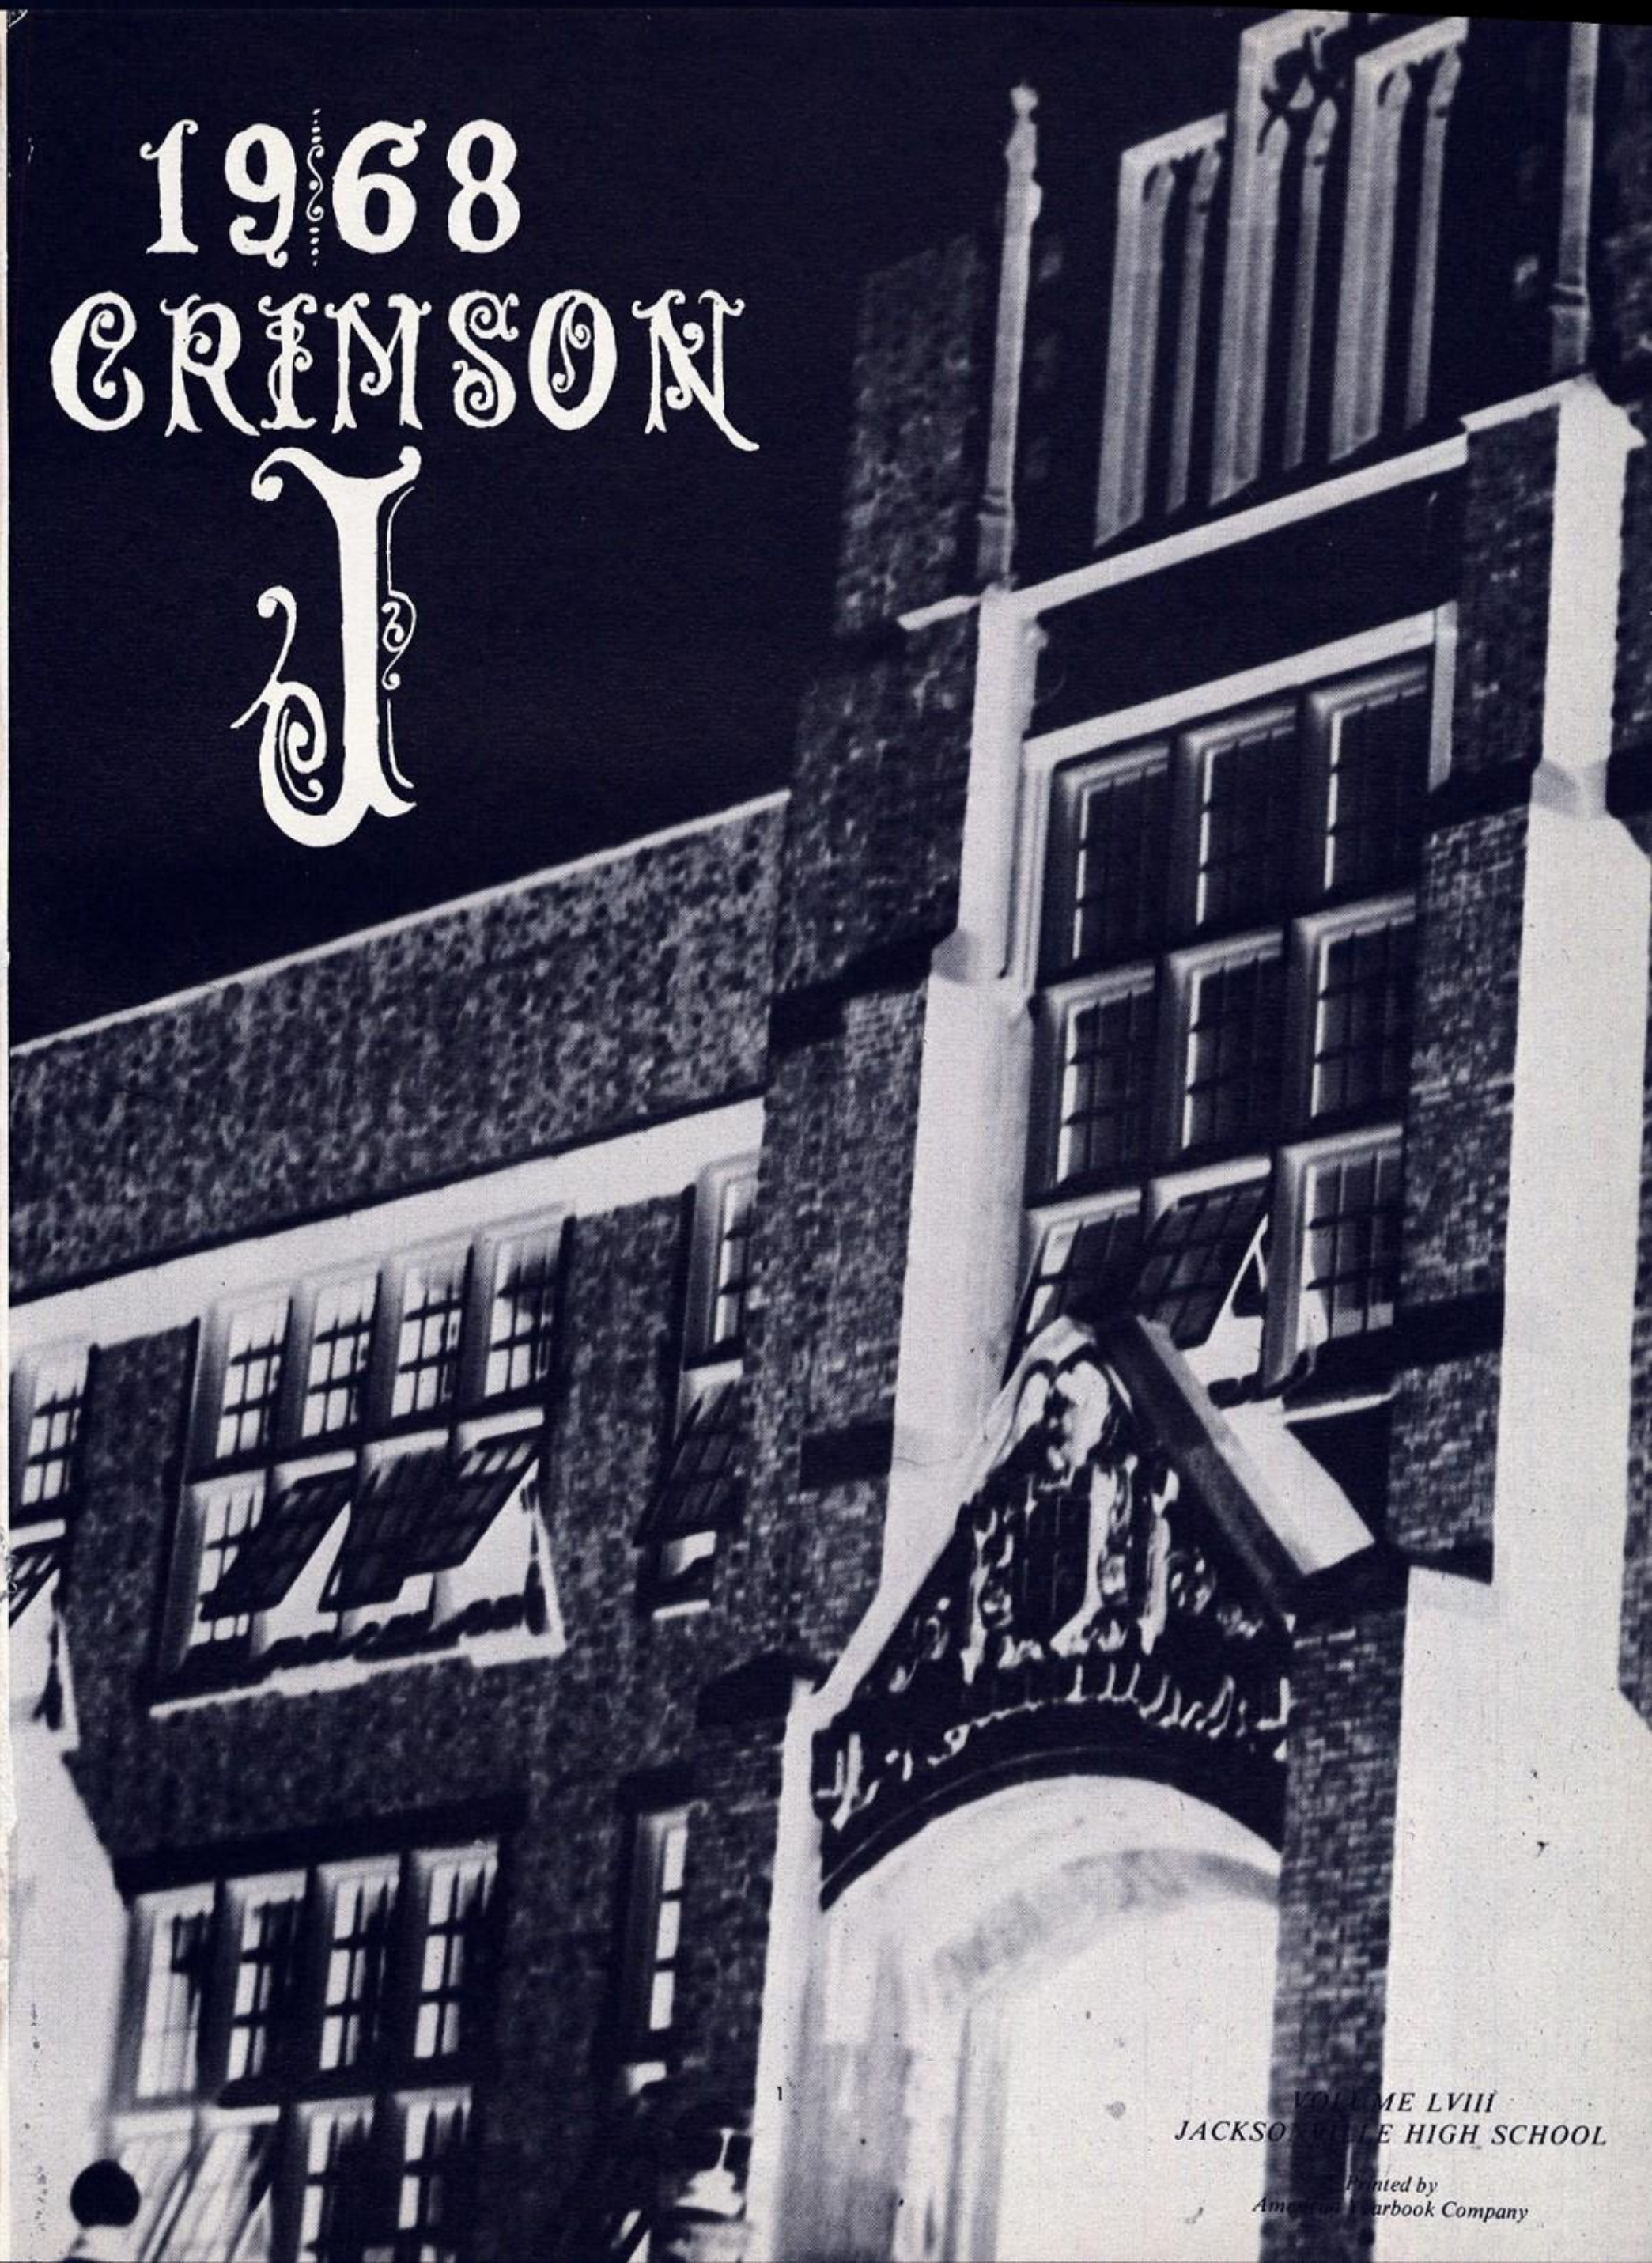
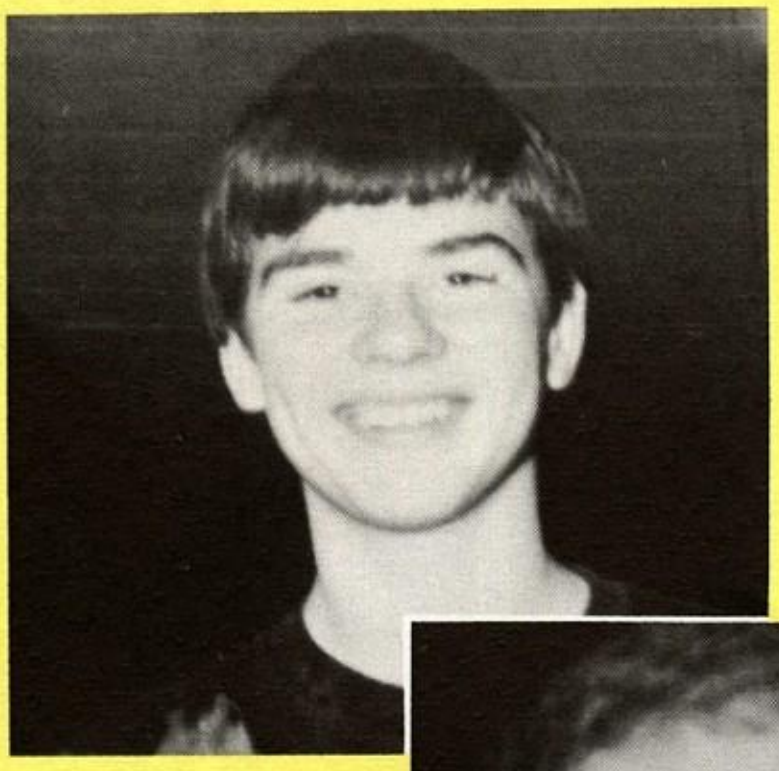
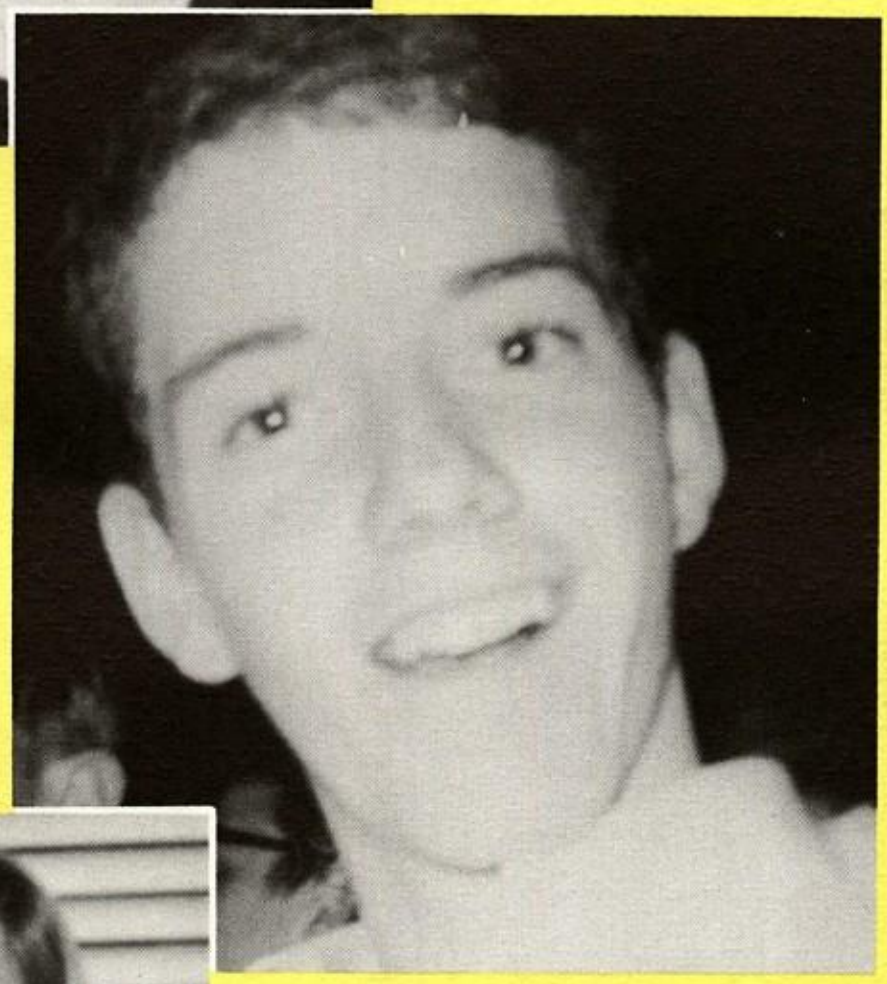
1968 CRIMSON

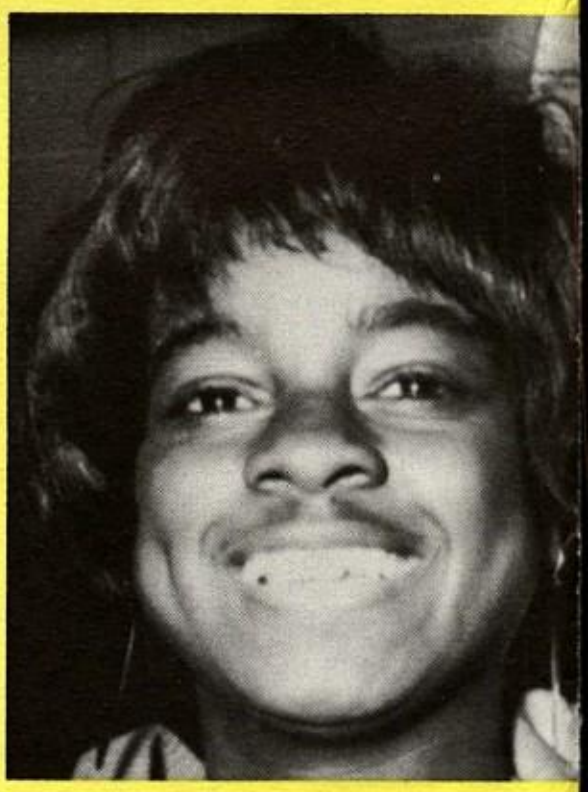


VOLUME LVIII
JACKSONVILLE HIGH SCHOOL

Printed by
American Yearbook Company

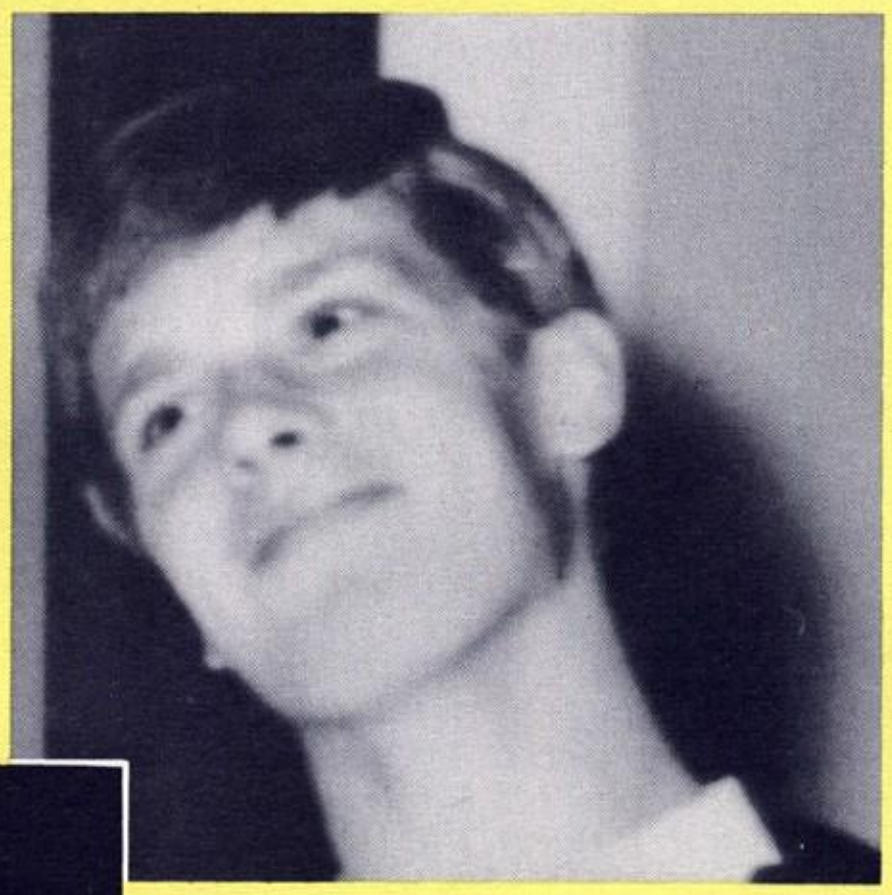




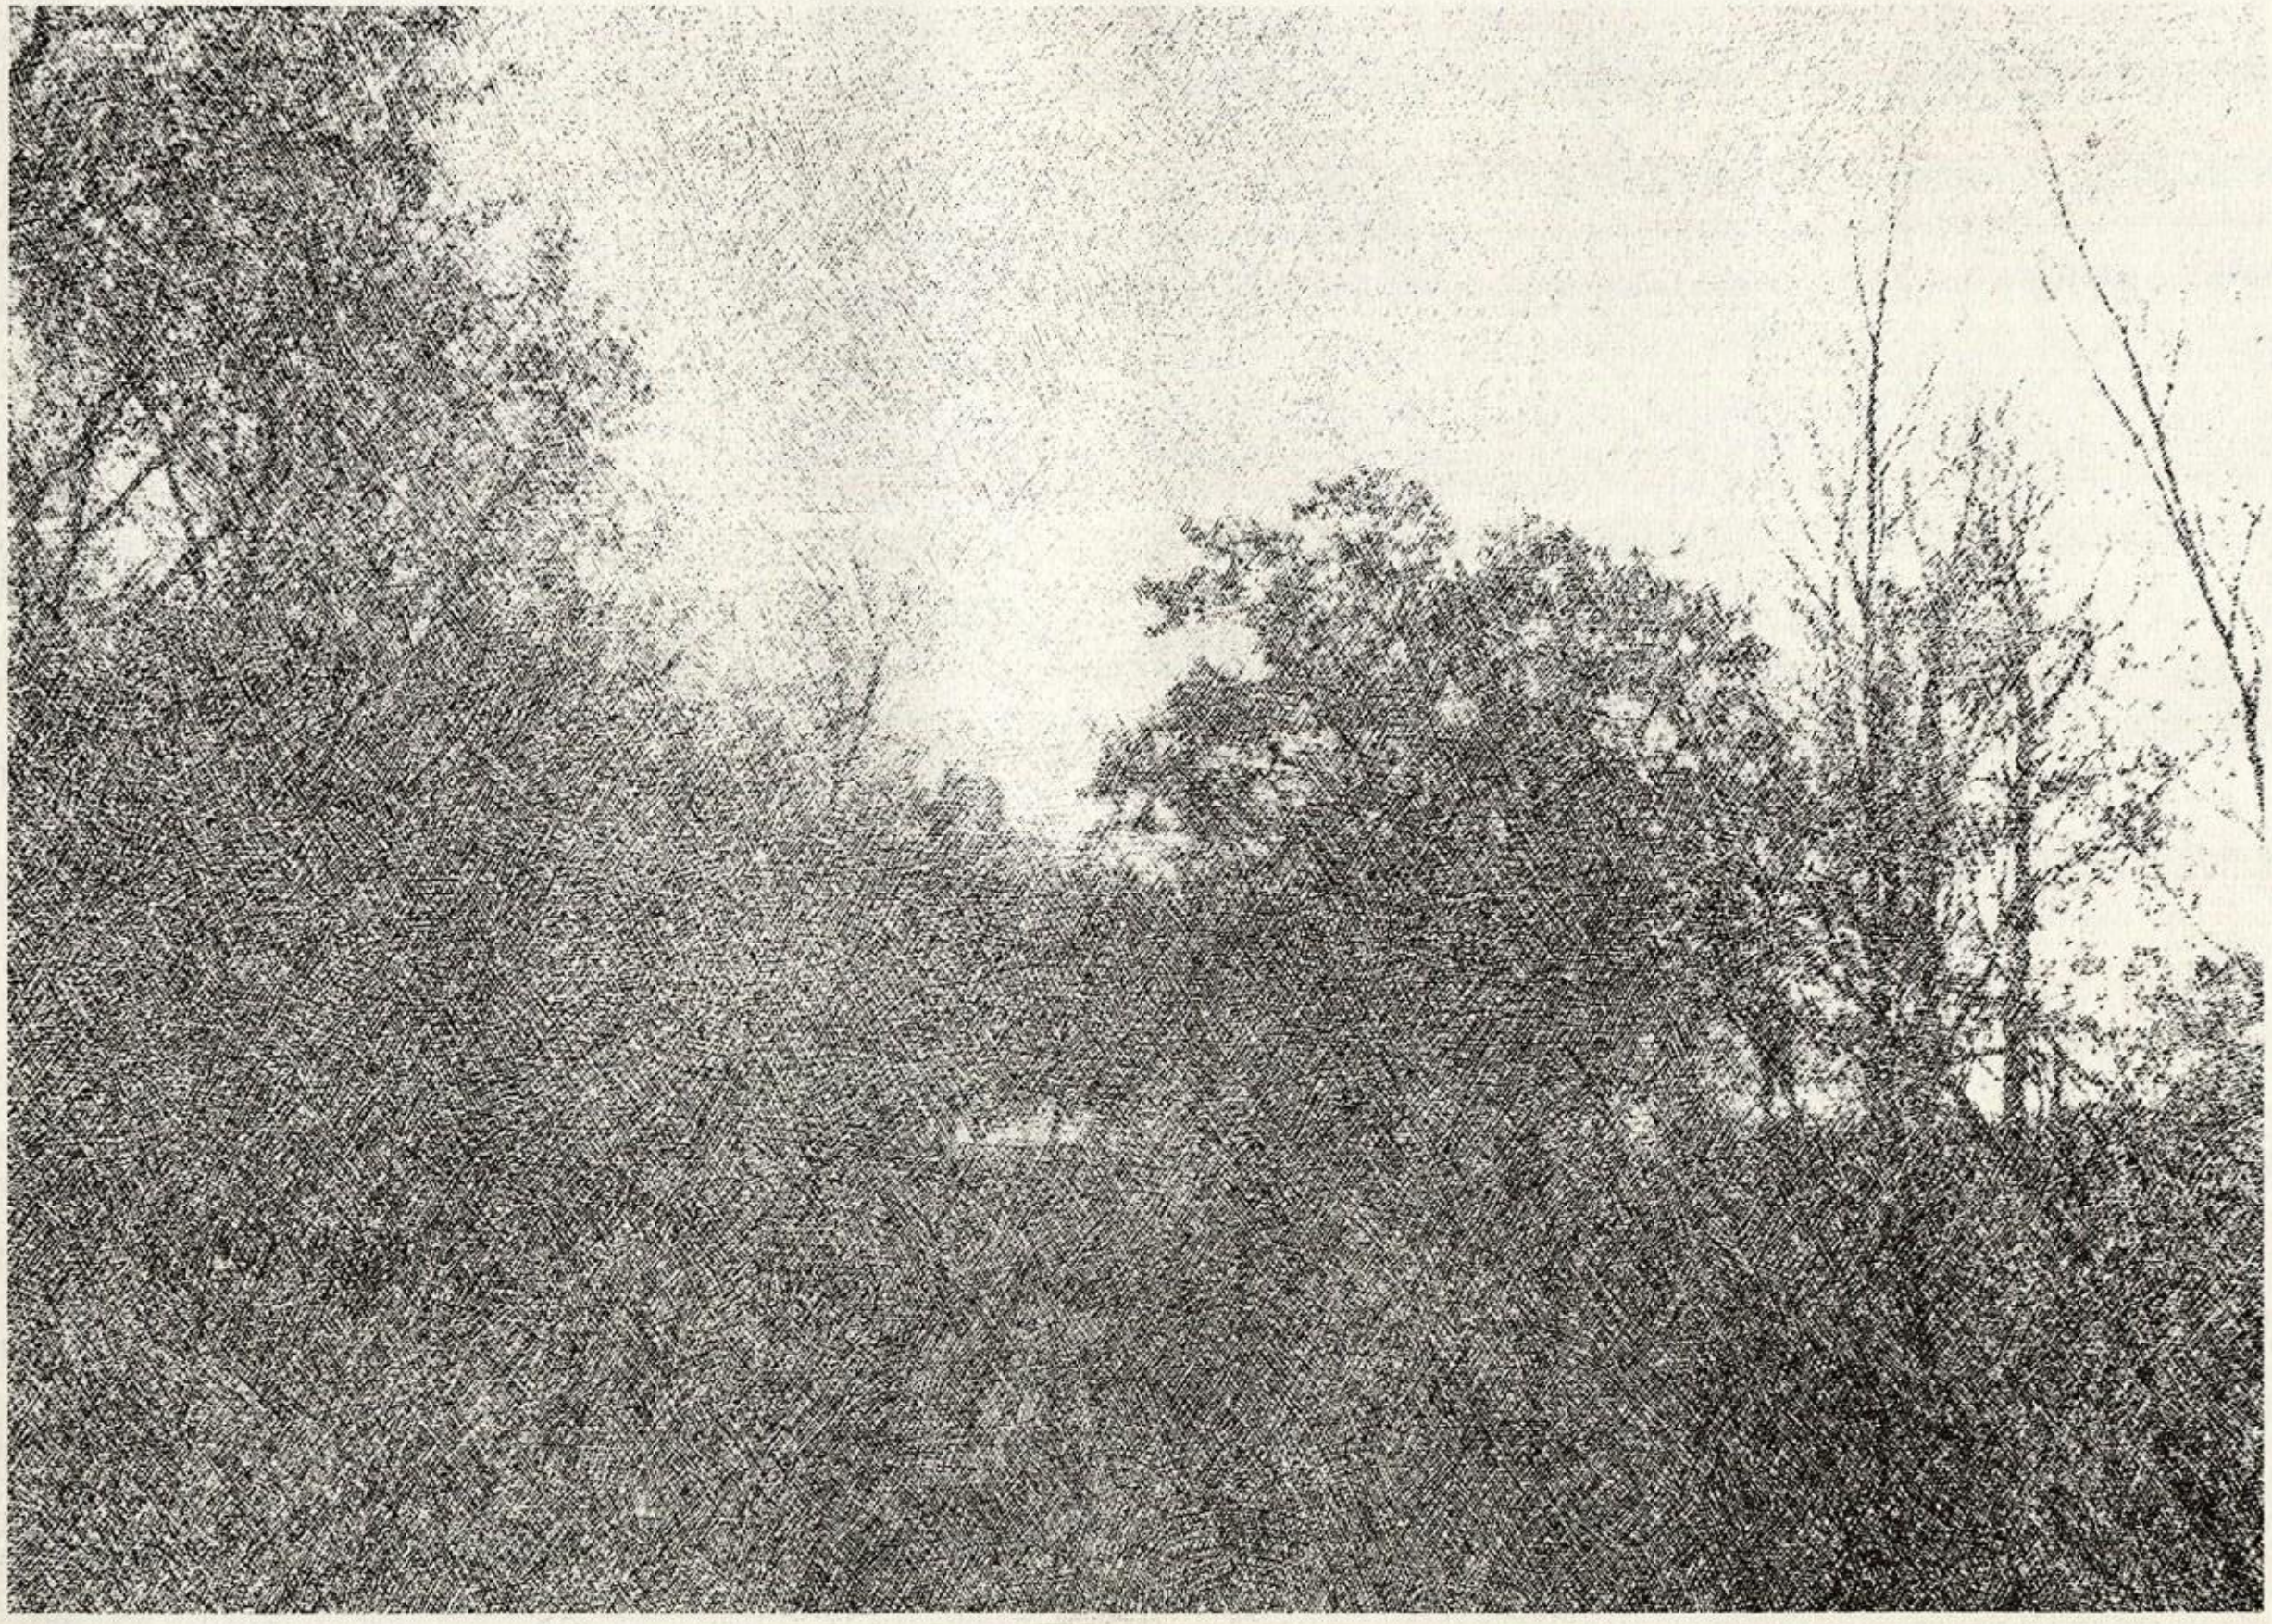


An attempt to define happiness is as futile as an attempt to find a typical human being. Each individual finds happiness in different people and activities. We have only recorded the instances in which the feelings of many people overlap. The greatest and most important happiness, the only one which all individuals should have in common, is the happiness of discovering for themselves what makes them happy. If you are lucky, you discover this when you are young and in school. This is why our high school yearbook is about happiness.

HAPPINESS



IS



Happiness is serenity

If anything has been constant during four years of change, it has been the cry, "Hey, Howie!" With a sure hand, Miss Howard has guided us through building homecoming floats, conducting candy sales, planning the prom, and innumerable other activities. If happiness is helping, Howie must certainly be a satisfied person. For the Class of 1968, happiness has been being able to yell, "Hey, Howie!" and being confident of getting a response. In gratitude, we dedicate this yearbook to our advisor Marjorie Howard.

AFS STUDENTS

israel

in the United States:
- *—family intimacy*
- *—more friendliness and closeness between teachers and students*
- *—more expensive living*
- *—less patriotism*
- *—less studying and more going out on weekdays*
- *—more good books and movies*
- *—more leaving town*
- *—less walking*
- *—more long-distance traveling in less time (We don't drive sixty miles in a weekend.)*

in Ethiopia:
- *—better weather (Ethiopians never talk about the weather because it is always nice.)*
- *—no part-time jobs*
- *—more swearing*
- *—free admission to college with lodging, food, and allowance provided*
- *—no lockers in school*
- *—less moving from classroom to classroom*
- *—longer breaks between classes and longer lunch hours (1 1/2 hrs.)*
- *—no home air-conditioning*
- *—only one channel on T.V.*
- *—government-owned hospitals, schools, telephone companies, etc.*
- *—sneaking out to date because of parental disapproval*

The American Field Service is motivated by eagerness—eagerness to meet people, eagerness to know, eagerness to understand. Through this eagerness, A.F.S. sends students like Harold Geuther to foreign countries and brings students like Peter Jilcke and Israel Temesgen to the United States. Harold spent two summer months in Sweden, living with the Professor Ragnar Romanus family in the city of Gothenburg and on the island of Tjorn. Peter came from Stockholm, Sweden, and lived with the George Zeigler family and then with the Robert Bradney family. Israel, who stayed at the home of the Rev. Richard Shewmaker family, came from Addis Ababa, Ethiopia. We asked Peter and Israel to give us some of their ideas about the United States and their native countries. Of course, these are the opinions of Peter and Israel about Jacksonville and not necessarily the opinions of Sweden and Ethiopia about the United States. We also asked Harold to give us some of his impressions of Sweden and Swedes. Again, these are Harold's opinions of the Sweden he saw, and they should not necessarily be taken as anything else.

peter

in the United States:
- *—more school rules*
- *—better school food*
- *—less effort to make school environment pleasant*
- *—less government ownership*
- *—fewer political parties*
- *—less walking, even though the ratio of cars to people is the same in Sweden*
- *—less equality between men and women*
- *—closer home life*
- *—more censoring of books and movies*
- *—better weather, less rain*
- *—more staying at home*
- *—slower adaptation of fashions*
- *—more TV on more channels*
- *—more air-conditioners*
- *—fewer rubber boots*
- *—more fake flowers*
- *—more expensive living*

In Sweden:
- *—going out in groups instead of dating as Americans know it*
- *—no paying for school materials*
- *—no TV commercials*
- *—no canned TV laughter that tells me when to laugh*
- *—better variety of games in gym*

harold

In Sweden
- *—beautiful country*
- *—mild climate*
- *—no pollution*
- *—no littering of the countryside*
- *—countries with both very old and very modern buildings*
- *—great food and smorgasbords that are rare occasions*
- *—many American movies*

Swedes:
- *—love nature, the sea, sailing, and swimming*
- *—are perfectionists*
- *—usually speak several languages*
- *—take education more seriously*
- *—are a bit reserved but very friendly*
- *—really do eat Swedish pancakes and Swedish meatballs, as well as many potatoes and much bread*
- *—often have summer houses where they spend their summer vacations*
- *—teen-agers have more freedom and respect their parents more.*

to the administration and faculty:

We are 1300 students. As we stated earlier in this book, the greatest happiness is the discovery of oneself. If you wish to help us with this discovery, you must give us your knowledge but not your prejudices. You must give your experience but not your well-defined ways, for most of you have decided how you will live and what you will think; we must still decide for ourselves. You must guide us but not push us. In short, it is your difficult task to help and allow each one of all 1300 of us to develop as his personality dictates.

MR. COURTNEY FORD

Mr. Crone and Mr. Ford work with District 117's Board of Education, some of whose duties are obtaining new teachers, dealing with the budget, and providing for the betterment and growth of the district.

The Board meets every two weeks. Its members, two of which are elected every year and one of which is elected every four years, serve for three years and are divided into several committees—finance, education, building and grounds, and transportation.

The Board of Control's membership must include the principal, a J.H.S. alumnus, two faculty members, the Superintendent of Schools, a member of the Board of Education's finance committee, the president of the student government, and the president of the senior class. It was originated for the purpose of regulation of expenditures of the school through the activity fund.

BOARD OF CONTROL

MR. CLIFFORD CRONE

The year 1967-68 was the first year of office for Dr. Clifford W. Crone, the new Superintendent of Schools. Since his undergraduate major was English and his major was educational administration, Dr. Crone was prepared to enter different phases of education in Illinois. He has been a teacher of all subjects for eight grades, an athletic coach, a school principal, and an assistant superintendent.

Mr. Courtney Ford left his position as principal of Washington Grade School to become Assistant Superintendent of Schools in 1961. As the Assistant Superintendent, some of his duties are working with the budget and supervising building upkeep. Mr. Ford received his M.A. from Washington University.

BOARD OF EDUCATION

Mr. Farrel Patterson has held nearly every administrative and faculty position possible in Jacksonville High School. He has been a teacher, a counselor, assistant principal, and principal. He attended Eastern University and obtained his M.A. from the University of Illinois.

As assistant principal, Mr. Eric Matysiak has numerous and varied duties, some of which are in the areas of attendance, student discipline, and betterment of instruction. Before coming to J.H.S., Mr. Matysiak taught school for eight years. He is now working on his doctorate at Indiana University.

The guidance counselors—Mrs. Meek, Mr. Gregory, Mr. Rosenberger, and Mr. Thaxton—help students with everything from finding a job to deciding on colleges to scheduling classes to standardizing tests. Mrs. Meek received her M.A. from Adams State College. Mr. Gregory attended and earned his M.S. from Western Illinois University. Mr. Rosenberger also has his M.S. which he obtained at Illinois State University. Mr. Thaxton received his M.A. from the University of Illinois.

PRESIDENT—ELEANOR APPLEBEE
SECRETARY—DIANE FORTADO
TREASURER—SANDI PRICE
ADVISOR—MRS. JO ANN ELOE

The goal of this club, consisting of students who are interested in the American Field Service, is the obtaining of $750 necessary to bring each AFS student here.

This year AFS Club received money through a bottle drive, the sale of Christmas cards and refreshments during various functions, and through bake sales. The club also obtained proceeds from a special band concert and the student faculty basketball game.

Student government is made up of the president, vice-president, and elected members of each class. This year, activities of the student government included planning the All-School, Homecoming, and Christmas dances, a bottle drive for A.F.S., the student-faculty basketball game, and painting curbs to earn money for a memorial to men killed in Viet Nam.

Members of the National Honor Society must uphold four basic principles—scholarship, leadership, character, and service. In order to satisfy the scholarship requirement, sophomores must have a 3.8 average, juniors a 3.6 average, and seniors a 3.5 average. Besides monthly potluck meetings, N.H.S. members have a service project at Christmas and a newly revived tutoring service.

The members of the Music Department contribute many hours outside of school time to music at JHS. Each section of the department received superior ratings at music contests this year, and the J would like to recognize them.

Mr. Welch's activities outside of the regular school day included

- *—directing the Marching Band in football games, local parades, and formal concerts*
- *—conducting the Stage Band in its performances at the IHSA basketball tournaments, the Christmas Dance, and the Crimson Frolics*
- *—directing the Varsity Band during basketball games*

Aside from the regular members of the "J" staff, several people contributed to the yearbook. Since they did not hold positions on the staff, I would like to thank them in print. Mr. Bill Wade spent several days at the high school taking many of the group pictures for the clubs and fine arts sections. Charles Pearce took the full color picture as well as some candids. Two of the photographers for next year's staff, Mike Shewmaker and Stan Krushas, also took many of our pictures, especially in the sports section. Since photography is a major aspect of the yearbook, their help was both necessary and appreciated.

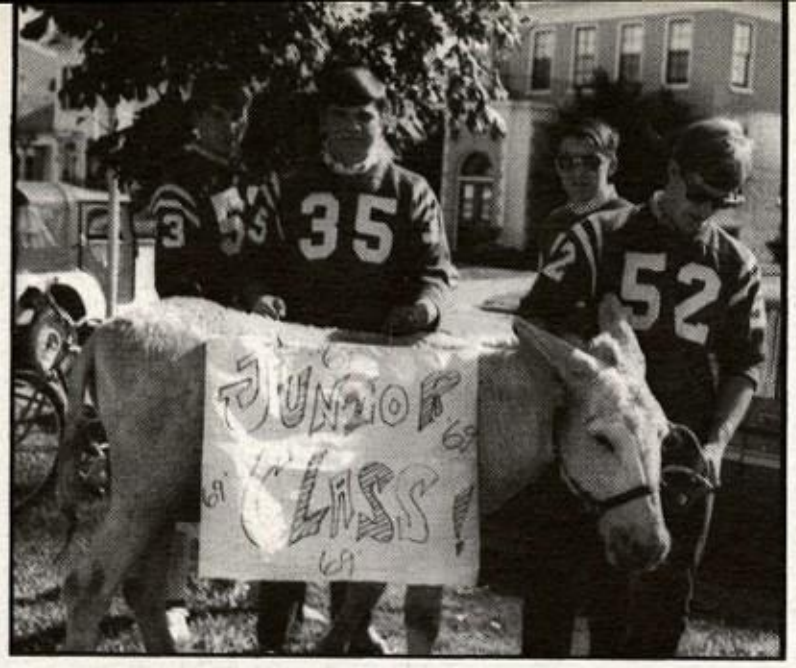
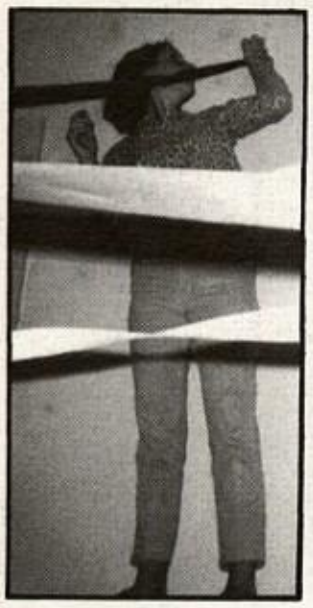
ACTIVITIES

HOMECOMING 1968 OCTOBER 20-21





—the hard YMCA floor
—the school decorated with balloons and streamers and signs
—the goat tied in front of the school
—piles of torn-down decorations lying in the halls
—the burning pile of wood topped with outhouses and signs
—the announcement of Queen, Dianne Silva
—the huge dinosaur that won first prize
—the swarm of students hanging on the statue in the square during the pep rally
—the game we lost
—the traditional mums
—the dance and the presentation of J'ettes, cheerleaders, and football players

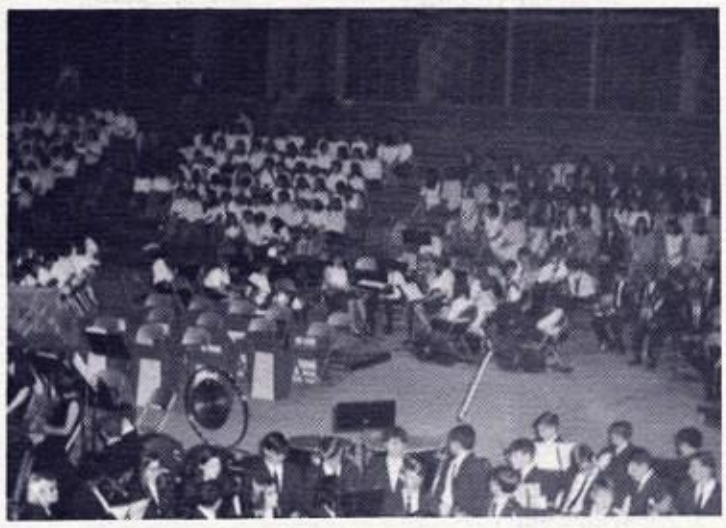
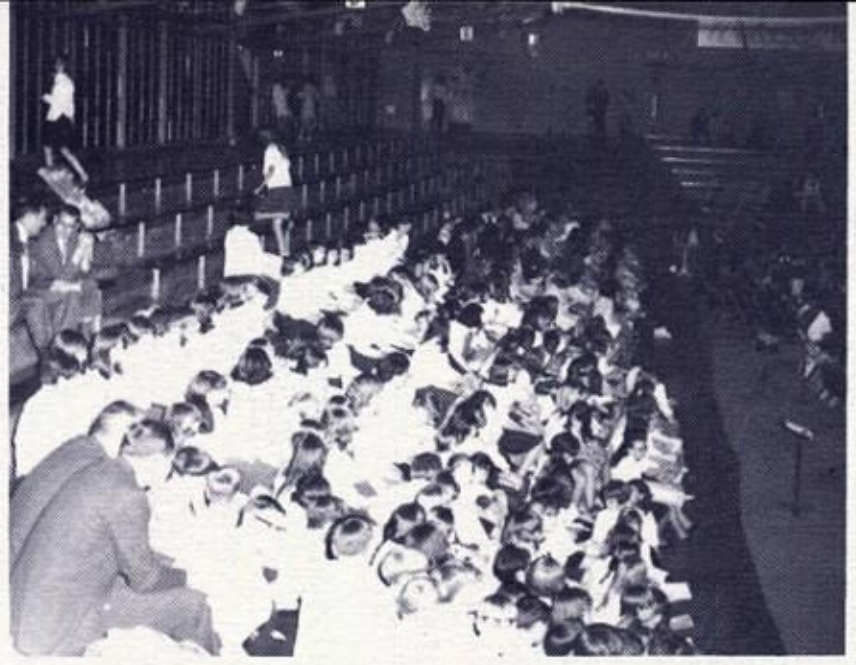
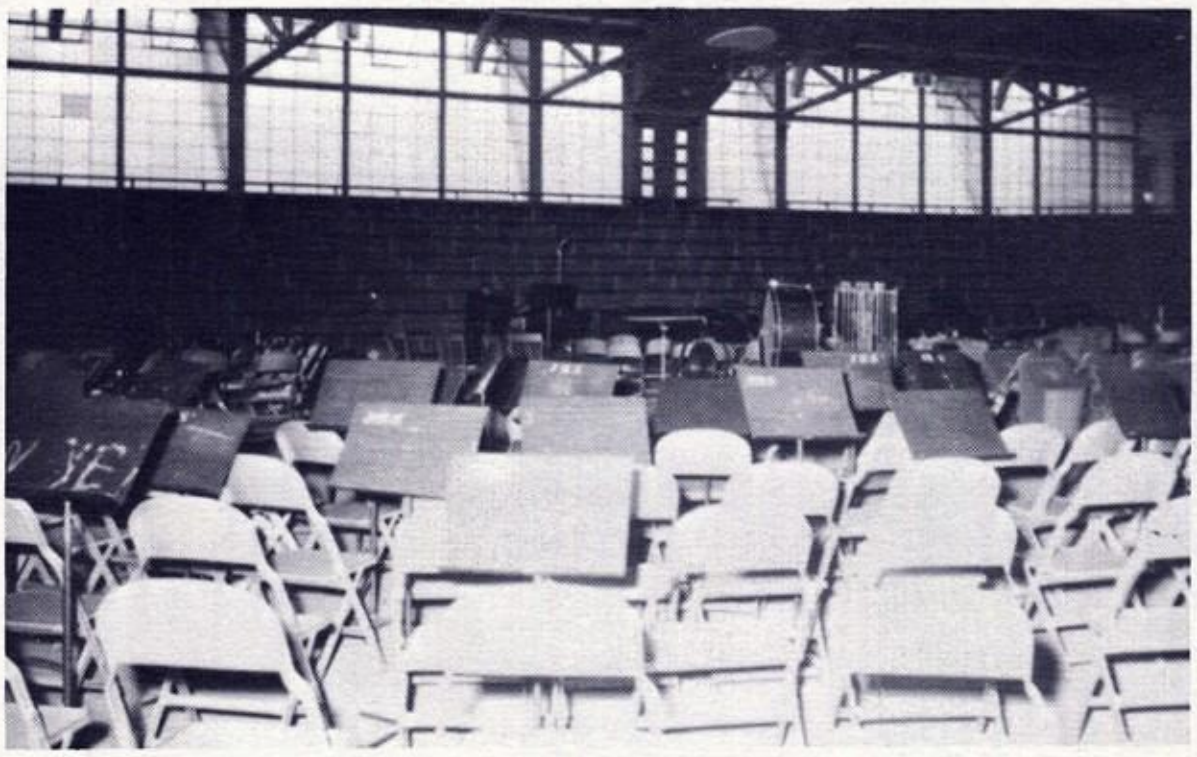
MUSIC



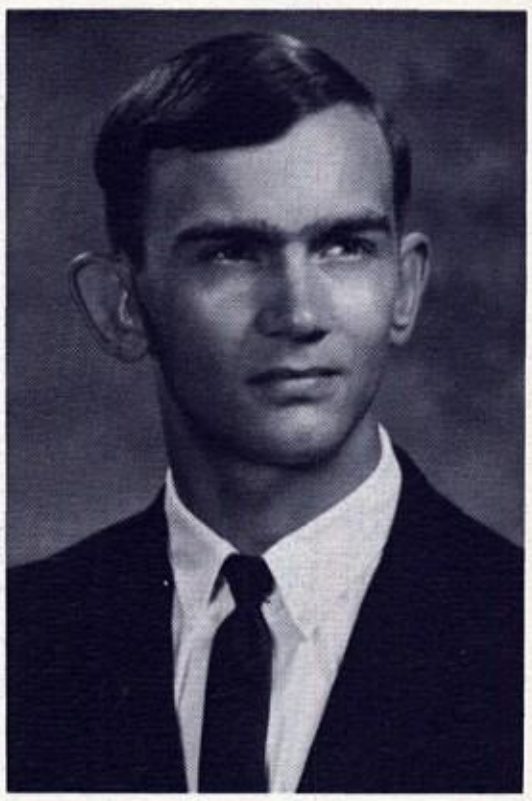


may festival



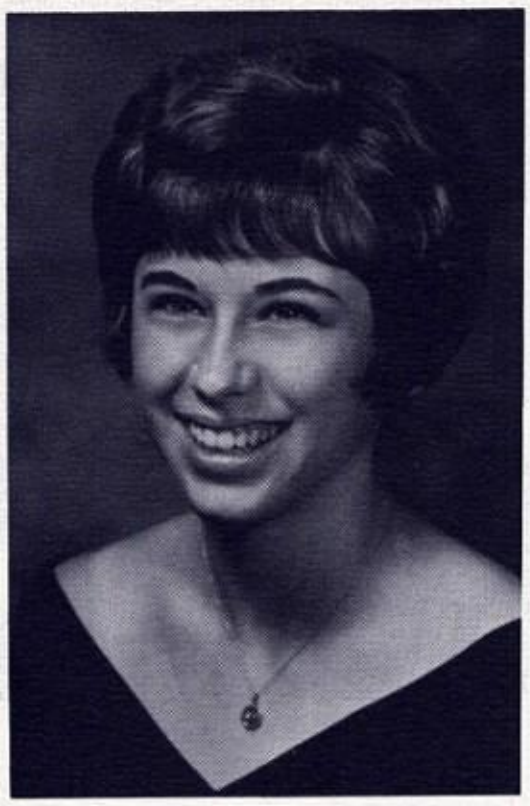
We would like to recognize several people and events connected with the music department. All the members, as well as some junior high groups, participated in the May Festival. Also, Les Chansonettes and A Capella presented a spring musicale.

drum major

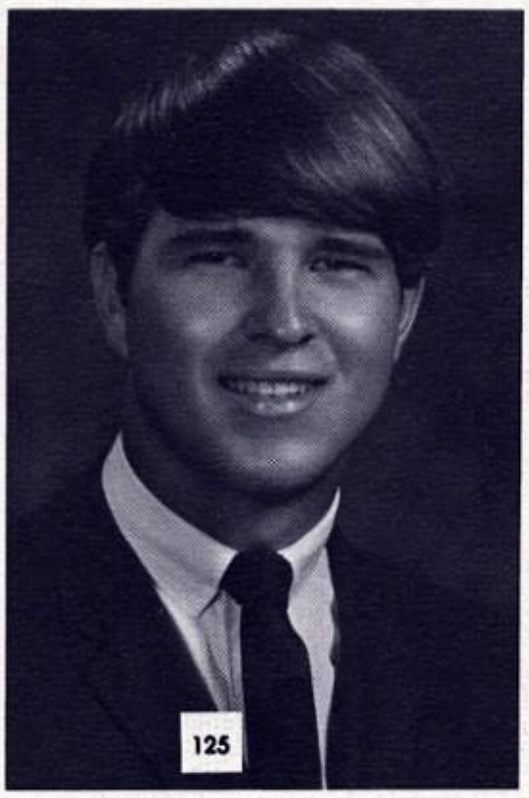


Rick McGinnis was elected as drum major for the Marching Band by his fellow band members. He led the band during its half-time performances at football games and during all of its parades.

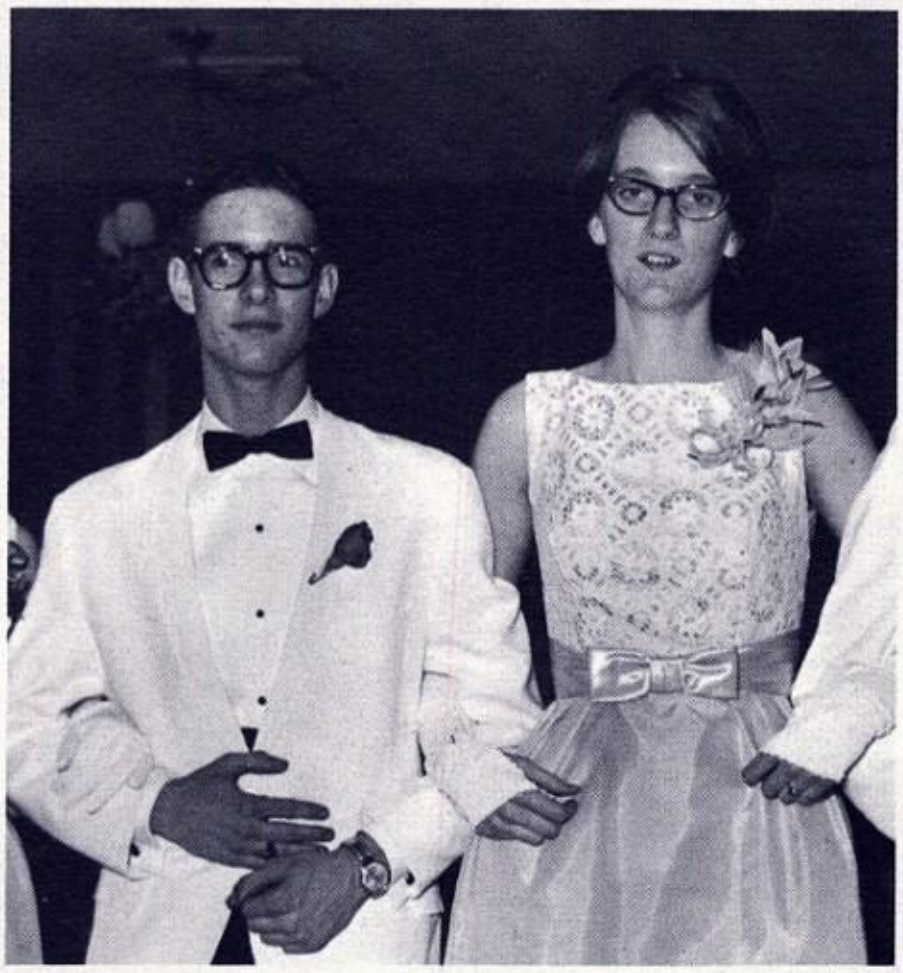
european tour



Kathy Sauerwein and Steve Maurer were chosen to go on a European trip sponsored by the Illinois Music Educators' Association. During the trip, Kathy will play the clarinet in the band, and Steve will sing in the choir.



JUNIOR—SENIOR PROM



—weeks of preparation by co-chairmen Patty Thompson and Richard Evans and their committees
—the creation of "Some Enchanted Evening"
—the daisies that everyone insisted on taking from the banquet tables
—the bad jokes of the speakers
—the transformed people
—the fountain with its huge paper flowers

These pictures celebrate the immense diversity of man and his moods. Every mature person has experienced the full scale of human feelings—from confused despair to pensiveness to all—enveloping exhilaration. Yet each mood affects each individual in a slightly different way, thereby dividing the scale into innumerable branches. This idea demonstrates the fact that countless opportunities are created each time a man is born. It also recalls what we stated at the beginning of this book: the root of happiness is the discovery of one's own capacity for feeling.

Each year the yearbook staff unintentionally adopts a pet phrase to symbolize its efforts. Last year the word was different, *and correspondingly the staff produced a book with many new ideas. This year we have frequently repeated the word* arty. *It became our goal to make the yearbook not only an historical record of 1968 but also an artistic display of the events. Thus the staff attempted to combine unique ideas with artistic layouts and, more important, good photography. Hopefully, we have compiled a book which reveals these efforts. Though it has often been said, I can sincerely say that for me, happiness has been being the editor of this yearbook. Nothing I have ever experienced has equaled the satisfaction and feeling of accomplishment that came with the production of this book. I have seen the effort, energy, and imagination of every staff member become a tangible creation. Of course, it is hoped that each reader will enjoy looking through the yearbook. Undoubtedly I will since each page will remind me of the days that we spent producing it. It is my hope though that you see the yearbook as more than just the "J" but also as an artistic creation.*

TRACK

Out of fifteen meets in which the Jacksonville track team participated this season, ten were won and one was lost. The team placed third out of ten teams at the Quincy Relays, second out of twenty-eight teams at the Delvan Carnival, and third out of forty-nine teams at the IHSA District. They placed third in the Capitol Conference Meet, losing by only four points to Decatur MacArthur. There were twenty-five lettermen, no doubt helping in setting new records or tying the old ones.
